

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man, enjoying the nine years before I used Cascarets. I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

BRADLEY! BRADLEY!

Is the Cry at Frankfort. Something Doing, and He Has the Call For Senator.

FRANKFORT, Ky., Feb. 5th.—The Republican legislators held a secret caucus late last night in the headquarters of ex-Governor Bradley, and it has given rise to the rumor that they expect to elect Bradley to the Senate. The Democratic leaders say they know nothing of any coup that might be pulled off, but have heard the rumor. The Republicans will divulge nothing as to what they expect to do.

NATURE'S WARNING.

Kidney ills come quietly—mysteriously. But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment. Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills. "I ward off Bright's disease or diabetes. Doan's have done great work in Maysville."

M. C. Chisholm, Constable in District No. 2, living at 343 East Second street, Maysville, Ky., says:

"Doan's Kidney Pills positively cured me of kidney trouble and I do not hesitate to give them my strongest recommendation. I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them at J. Jas. Wood & Son's Drugstore, noticed an improvement in my condition from the first, and my trouble was soon entirely cured. This was some five years ago, and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills."

OH! SLUSH

Snow, Rain, Sleet, Wind and a Little Bit of Everything Disagreeable, Yesterday

Tuesday night about 9 o'clock snow began falling in gentle flakes and as the night wore on it increased in volume and velocity till shortly before dawn of day when it shifted from the beautiful to a drizzling rain and the combination left things in a miserable condition.

Judge of the consternation and amazement of the early riser as he stepped from his door to seek his office, store or workshop, as the case might be. Snow and slush covered the pavements and streets to a depth of three inches and raining to beat the band. To add to his disappointment and discomfort the street cars were unable to run owing to the condition of the track and frozen snow on the wires, hence he was compelled to foot it through the slush and snow to his place of business.

The day was fierce, gloomy and miserable throughout, altogether unfit to send children to school, yet they trudged through it and reported on time all the same. It is to be hoped no evil effects will follow from it. The Board of Education ought to have it understood that on such a day as yesterday there would be no session of the Public Schools.

It was a good day for gum shoes and boots, and merchants in that line did a land office business.

It would have been a gracious act if the Street Commissioner had been thoughtful enough to have at least cleaned the crossings of snow and dirt and thereby relieved a distressed people of a part of their discomforts in not having to wade across the street.

Another suggestion: Council should by all means pass an ordinance with a penalty attached compelling residents on streets to clean the snow off the sidewalk in front of their premises, inside of a reasonable time.

FRANKFORT, Ky., Feb. 5th.—

There was no material change in the result of the Senatorial ballot today except that Mr. Campbell went back to Blackburn and Messrs. It was reported in certain quarters Tuesday night that the end of the Senatorial fight is in sight, and it will come about through the agency of the county unit local option bill.

According to the plan outlined, the county unit bill will Wednesday be taken from the Committee on Religion and Morals and recommended to the

Committee on Kentucky Statutes.

This will be a victory for the liquor men, and later the bill will be killed and in exchange for the help of the Republicans for killing it the anti-Beckham Democrats will vote for Bradley. If this fails to elect him Bradley will, according to the story, withdraw from the race and let the Republicans unite on some anti-Beckham Democrat and elect him.

This cannot be brought about for ten days or two weeks, but that is the best information that can be secured on the situation. Senator Oliver of Allen county offered a bill to prevent betting on horse races at any racetrack in Kentucky. The penalty for book-making is a fine of \$200, and each racetrack which shall permit same shall be subject to a fine of from \$500 to \$1,000.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SO SAD!

A noble Sioux his cuticle Did fill with red, red dye, And, straying near a cliff, fell off, To quite abruptly die.

When his remains they gathered up, His friends did all abide By the sad verdict that it was A case of Siouxicide.

THE LOOM

Life is a loom which we feed with our thread, Feed with the deeds of the days we have led— Cotton or woolen or silken, the skein, Always we weave it with pleasure or pain!

What of the cloth that we weave, you and I? What of the texture and what of the dye? Shall it be woven of gladness and song? Shall it be fed with the good thread and strong? Or with a careless indifferent gray, Shall we produce just a shoddy—always?
